

UNITED STATES ENVIRONMENTAL PROTECTION AGENCY

8

DATE:

JUN 21 1980

SUBJECT: Inspection Request for a site in St. Bernard, Ohio
(Hamilton County)

FROM: Sandra S. Gardebring, Director
Enforcement Division

TO: William H. Sanders III, Director
Surveillance & Analysis Division

ATTN: David Stoltzberg
Surveillance & Analysis Division

On June 19, 1980, we received a hotline call (421) concerning a dump site located behind Cin-Made Corporation in St. Bernard, Ohio. The caller informed us that he remembers frequent dumping at the site when he was a child, and he suspects that hazardous wastes may have been disposed of there. The site is now only partially covered, and a pond in the area is covered by a highly colored sheen. At the time of the dumping, the site was owned by Armour, Inc., a fertilizer company.

I am requesting a reconnaissance inspection of the site to determine what threat, if any, this site poses to the environment and human health in the area. Should you have any questions concerning this matter, please contact Mike Mott of my staff at (312) 836-6706.
